How it Works:

Tea Needs affiliate program is a hosted system. There is no charge to become an affiliate and the sign in process is quick and easy. Once approved, you will be given instructions on how to add our links, banners, or products to your site and begin earning commissions. In order to take full advantage of the Tea Needs Affiliate system, you must use the Discount Code at the Shopping Cart Checkout. You may link directly to the shopping cart or the website, whichever you desire.

You can now choose the preferred customer discount. The system is preset to 5% discount immediately at checkout. You can either pass on the savings directly to your customers, or increase the customer savings after the 60 day probation period, to a maximum of the 15%. Any purchases generated from them will be automatically calculated real time and paid to you each month. You will also earn commissions from any residual sales from that link for 30 days.
